

# Architectural and Specification Consulting Services

ASSA ABLOY

Experience a safer and more open world

The ASSA ABLOY team provides architectural and interior design firms with aesthetic, intelligent, and sustainable opening solutions.

## Did you know ASSA ABLOY offers Architectural and Specification Consulting Services?

Our team of consultants are available to assist you in every step of your project, from new constructions to existing buildings through our collaborative software tool Openings Studio™, designed exclusively for architects, contractors, distributors, end-users, and facility managers.

We are experts in preparing objective and accurate specifications for all building types, based on industry standards and compliance with applicable codes, regulations, and laws.

*We have the door, frame, and hardware specification services that fit your project needs.*

### Full Autodesk® Revit® Add-in Integration
