

SARGENT

ASSA ABLOY

Secure their world

Choose the right security solution for your school

Safety first. Create a safe yet flexible learning environment that keeps unauthorized individuals out with Sargent's line of pioneering Grade 1 classroom security systems. Choose from bored and mortise locks for interior doors and a full line of exit devices. We even offer an innovative "panic" feature that allows teachers to lock the door quickly with an RF fob from almost anywhere inside a classroom. Designed for schools, secured for safety, trust the technology leader that gets the job done right for your school.
